
Rizky Alifian Ilham

Karangjati RT04/09, Kel. Mojoagung, Kec. Karangrayung, Kab. Grobogan, Jawa Tengah, Indonesia • Grobogan, 58163 • ilhamralifian@gmail.com • +6285325814769 • Github: <https://github.com/alifian13>

Education

Universitas Teknologi Yogyakarta

Sleman,
Yogyakarta

Bachelor of Computer Science. GPA: 3.62/4.00

April, 2026

Thesis Implementasi Algoritma Rule-Based Dan Clustering Untuk Aplikasi Perawatan Motor Matik Adaptif "Motocare"

Relevant Coursework: Information Systems, Mobile App Development, Digital Media Creation

SMAN 1 Karangrayung

Grobogan, Central
Java

Science. GPA: 83.37/100

May, 2022

Experience

Independent Project – Motocare App

Sleman, Yogyakarta

Developer & System Designer

February, 2025 – December,
2025

- Developed a mobile application using GPS and accelerometer technology to automate motorcycle maintenance scheduling.
- Designed the system architecture and logic flow to track vehicle movement and provide real-time maintenance alerts.
- Integrated creative assets and user interface elements using Figma to enhance user experience.

Research & Publications

Information System Journal (INFOS) | SINTA 4

Indonesia

Lead Author/Researcher

December, 2025

- Conducted comprehensive data analysis on 800+ trip records and utilized K-Means clustering to segment user behavior into intensity categories for personalized maintenance.
- Managed the editorial submission and revision process through the Open Journal System (OJS) to meet SINTA 4 accreditation and publication standards.
- Journal link: <https://jurnal.amikom.ac.id/index.php/infos/article/view/2365/805>
